

SMALLEST CORN CROP SINCE '81 IS POSSIBILITY

Price Index On Farm Products Highest Since 1930

Washington, July 29.—(P)—A possibility that the nation may have its smallest corn crop since 1881 was raised today by Secretary Wallace as the drought pushed the agriculture department's price index on farm products to the highest level since September, 1930.

Wallace, commenting on crop conditions at his first press conference since returning from a month's tour of the drought and other mid-west areas, said the corn outlook was by no means definite yet. But he and others at the agriculture department mentioned the possibility of sizeable corn imports from Argentina and elsewhere.

Drought reports gave rise to much discussion of prices during the day. The bureau of agricultural economics reported the sharpest rise for a single month since August, 1934, in the prices received by farmers, placing the level 15 per cent above the pre-war average.

An increase in the price of dairy products during the rest of the year, partially as a result of the drought, was forecast in the department's mid-summer dairying report.

Secretary Wallace, at his press conference, insisted, however, that the immediate effect of the dry spell on food prices was "not as great as the newspapers are leading the people to think."

He said the effect on meat prices would not be felt for six months or more, and that there was no reason for a rise in bread costs. The secretary conceded there had been some increase, though not much, in the price of dairy products and vegetables.

Chicago, July 29.—(P)—The cool, crop adding weather the middle west had sought for weeks, prevailed generally today—but too late for acres after acres of its corn.

Current reports from the official crop observers in important producing states only re-iterated a gloomy picture drawn by the department of agriculture in Washington. This drought, the department said, has caused greater damage to corn in the leading corn state—Iowa—than that of 1934.

Charles D. Reed, federal meteorologist in that state, described the present outlook as indicating "one of the greatest corn calamities in the history" of Iowa.

He estimated that half of the indicated yield of 419,000,000 bushels, as of July 1, had been destroyed by day on day of 100 degree heat.

"No amount of rain or favorable temperature can restore the corn already damaged," he added.

He said the immediate need was for soil-soaking rains to a total of six inches in a week.

The general forecast for the north central states indicated more cool weather and rain, probably light to moderate and of benefit to crops only in some areas where they "haven't already been burned out."

A definite ending of the drought was effected in northwestern Kansas by all night rains that measured two inches generally. Even there, however, reports said the moisture was too late to save all the corn, but farmers were encouraged by the reviving of pastures and the belief that forage would be assured.

The Mississippi river continued to dwindle and federal barge line authorities proceeded with arrangements to suspend service above Dubuque, Ia.

Mary Astor May Be Put On Stand

Accusations of Former Husband May Be Disputed

Los Angeles, July 29.—(P)—Claims for red-haired Mary Astor declared tonight he would place the movie star on the witness stand to dispute sensational accusations of her divorced husband that she is morally unfit to care for their four-year old daughter.

Testimony of the relations between the actress' divorced husband, Dr. Franklin Thorpe and several women played a major part in the first scene of a bearing in which Miss Astor seeks to set aside a guardianship over her daughter, little Marilyn Thorpe, now held by Dr. Thorpe.

The Hollywood doctor obtained custody of the child when he was granted a divorce 15 months ago. Two weeks ago Miss Astor moved to set aside the order, declaring she had been forced into separation; concessions by her husband's threats to "scandalize" her.

Dr. Thorpe answered the actress with an accusation of "gross immoral conduct." His attorneys indicated a personal diary might play a part in the litigation.

WOKER KILLED

Chicago, July 29.—(P)—Christ Boehmer, 45, was killed today when he was struck by the iron cover of a steam vulcanizer while at work in the Belk Manufacturing company plant on the west side.

Fire Marshal James F. Sullivan said the cover was not properly fastened and blew off when steam was applied, he said.

Loyalist Submarine Sunk Near Gibraltar; Purge in Government Ranks Ordered

Gibraltar, July 29.—(P)—Spanish rebel seaplanes battling loyalist submarines tonight were believed to have sunk one U-boat, with a crew of 40, and to have disabled another.

The C-3 was bombarded and disappeared in apparent distress six miles east of here.

Later two additional U-boats appeared. One of them, objective of a rebel seaplane, submerged immediately. It appeared in difficulty, bathed on the eastern shore said.

"The accompanying boat shelled the plane, but did no harm, and the rebel plane sped back toward Ceuta, Morocco. The submarine dashed for Estepona.

Hundreds of residents watched bombardment of the C-3 and saw it vanish.

Projectiles exploded close by the eight-year-old vessel. In apparent distress it disappeared suddenly from the surface of the water.

Tonight it had not been reported. However, if not seriously crippled, it had a diving range of 45 fathoms and could remain submerged for a number of hours.

Another Loyal under-sea craft, the C-4, was reported putting in to Tangier for repairs as result of damage suffered in a bombardment yesterday.

Madrid, July 29.—(P)—The republic tonight ordered a merciless purge of enemies within its government and summer dairying report.

Building Program For Navy Rushed By Great Britain

Construction of Two Battleships To Begin in January

London, July 29.—(P)—Great Britain hastened plans for the Empire's "Greatest Navy" tonight.

Rushing to bolster her defenses, the first lord of the admiralty announced construction of two battleships will begin in January, 1937, with price consideration to be argued out later.

"Arrangements for laying down these ships," Sir Samuel Hoare told the House of Commons, "are being made in full accord with the declared policy of his majesty's government to press on with naval replacement and the new construction program with all possible speed."

The new construction program will mark an end to the five-power Washington naval treaty with its limitations on defense, and the coming into effect of a tri-power accord.

Under it, wide latitude is provided the signatories—Britain, France and the United States—with the proviso they exchange information on plans before construction is begun.

Japan is not a signatory of the new pact, and this fact was in the minds of members of Commons during discussion today.

Peter MacDonald, Conservative, asserted he had under "close attention" reports Japan contemplated warships with 18-inch guns.

Hoare answered, however, his only information on such plans was from unofficial reports and "I have no information from any other source which would lead me to attach any credence to such rumors."

Although a special committee still is investigating the question of England's vulnerability to attack, Sir Samuel said its recommendations will not affect design of the new ships.

Sixteen inch guns will be used on the new warships, under tentatively announced plans, in the hope other countries will follow with the same sized pieces.

Democrats Stage Harmony Meeting

Speakers Pledge Unity At Salem Reunion

Salem, Ill., July 29.—(P)—Illinois Democrats running for state office said a song of harmony here today in their first move to join up the scars of April's bitter primary.

One after another they took the speakers' rostrum at "Democratic day" of the annual Marion county soldiers' and sailors' reunion to urge that the Democratic ticket be elected from top to bottom.

John Stelle, state treasurer who has been a bitter critic of Governor Henry Horner, endorsed the governor's campaign for re-election and praised him for everything he had done in office. Stelle is running for lieutenant governor.

Horner himself spoke in praise of the national Democratic administration and uttered a new attack upon Republican nominee Alf M. Landon.

John C. Martin, candidate for state treasurer and chairman of the day's ceremonies, estimated a crowd of at least 8,000 heard the candidates.

Others who spoke included Martin, Otto Kerner, attorney general who is running for re-election, and Bruce Campbell of East St. Louis, chairman of the Democratic central committee.

EVACUATION OF CITIZENS FROM MADRID DELAYED

Guarantees Of Safe Passage Not Obtained

Washington, July 29.—(P)—Rescue plans for Americans in Madrid were given a set back today by the failure of diplomatic corps to obtain immediate Spanish government guarantees for the safe passage of a special train to take them to safety on the sea coast.

The American embassy reported to the state department that the proposed evacuation, tentatively set for tomorrow morning was uncertain. Indications were given that it could not be undertaken before Friday even if the desired protection was forthcoming.

Although Madrid was reported quiet today, renewed official anxiety arose here for the safety of approximately 300 American nationals now believed to be in the Spanish capital, the objective of rebel forces.

The United States coast guard cutter Cayuga, upon which Ambassador Claude G. Bowers, has established a "floating embassy" was dispatched, meanwhile, to the rescue of Americans in a potentially new danger spot near Spain's northern coast.

Concerned over reports from American Consul William W. Corcoran, at Vigo, that all communications had been cut off with Ovido, where many Americans live, the state department ordered the Cayuga to proceed to Gijon, the nearest sea port, to investigate their plight.

Ovido, the capital of the province of Asturias, is approximately 180 miles northeast of Vigo. Latest records placed the number of Americans in the Vigo consulate district at 61, most of whom were believed to be located in or near Ovido.

Police Called As 600 WPA Workers In Chicago Strike

Violence Averted; Strikers Dissatisfied With New Wage Agreement

Chicago, July 29.—(P)—About 600 employees on a south side works administration project refused to go to work this afternoon and special squads of police were called when they refused to turn in their tools.

The men staged a demonstration in which they shouted demands for higher pay and other concessions. There was no violence.

Spokesmen for the strikers said they were dissatisfied with the new system under which hourly wage rates were increased from 42 to 50 cents an hour without an increase in the monthly wage of \$55.

It was several hours before William F. Lucas, senior WPA engineer for the Chicago district, persuaded the men to turn in their tools, go home and report for work again tomorrow. He pointed out the hourly wage increase cut their working hours from 130 to 110 a month.

The demonstration came as state WPA officials advanced a new employment plan under which approximately 85,000 employables in the state now receiving direct relief may work in conjunction with WPA projects.

Creation of Coal Monopolies Feared By Investigators

Commission Looking Into Situation Created By Mechanization

Washington, July 29.—(P)—A possibility that rapidly increasing mechanization of the coal industry might create a few powerful monopolies was under investigation today by the National Bituminous Coal Commission.

Transformed from an administrative to a strictly research agency as a result of invalidation of most of the original Guffey coal control act, the commission is conducting a number of studies of the industry's problems.

High on the list is the question of rehabilitation of miners permanently displaced by machinery.

Commissioner Percy Telford, formerly Ohio district president of the United Mine Workers of America, is in charge of the rehabilitation study.

"One thing I am particularly anxious to determine," he said, "is whether the trend toward complete mechanization of coal mines is leading toward monopolies."

Telford said he could see where companies financially able to install loading machinery would, in some cases, force less fortunate competitors with adjoining properties out of business.

"The natural consequence," he added, "would be for the stronger company to acquire the other's properties."

The commissioner said in a few years "eight of ten" large companies might control all the nation's coal lands.

Captain and Fourteen of Crew Drown as Sand Barge Sinks in Lake Michigan

Chicago, July 29.—(P)—A wind squall sent a big sand barge to the bottom of Lake Michigan today with her captain and 14 of her crew.

The snub nosed boat, "Motor Shipment Material Service," lurched suddenly to port and sank like a stone in the darkness of early morning a mile off the South Chicago light-house.

The craft went down in the choppy waves so fast there was no time to man the life boats.

Most of the crew was trapped asleep in bunks below decks.

Those who were awakened by the sudden plunge jumped from bed and fought for places at the ladders leading to the decks.

Seven men survived the whirling vortex of the wreck after being sucked down with the ship. They were rescued by coastguards called from the light-house.

Alfred Melby, a handyman, told a graphic story of his rescue. He was asleep when his bunk on the starboard side of the barge swung wildly upward.

Melby and his fellow survivors were of little help to investigators who sought the cause of the wreck tonight. It was easy to explain the sudden plunge, for the barge was loaded with 2,500 tons of gravel, but clues to a leak which apparently occurred, were scanty.

None of the missing bodies had been recovered tonight, despite a full day's patrol by the coast guardmen. It was decided to send divers down into the craft—it lay in 25 feet of water—to hunt bodies there, but a northwest wind ruffled the water too much to try it today.

At least four investigation—federal, city, county, and shipowners—were under way.

In addition to First Mate Johnson, Melby, and Weber, survivors were Elmer Hansen, wheelman, of Lockport, Ill., the point of origin of the barge's fatal trip; Joe Chance, third assistant engineer, South Chicago; Elton A. Washburn, handyman, Sturgeon Bay, Wis., and Herbert Larson, Chicago, a scrapper-man.

Those who went down with the boat along with Captain Brown, were: Melvin Tufts, second mate, Lockport; John Melby, wheelman (father of Alfred), Chicago; Fred Samuelson, watchman, Chicago; Elmer Beger, deck hand, Chicago; Carl Brown, deck hand, Salut; Ste Marie, Mich.; Tony Cassidy, steward, Lockport; Joe Oberlin, second cook, Lockport; Odin Johnson, chief engineer, Lemont, Ill.; Elmer Bergsland, boom man, Lockport; Lelf Olson, scrapper man, Chicago; Charles Bogstad, oiler, Chicago; Dar Hansen, oiler, Sturgeon Bay, Wis.; Harry Meyers, oiler, Lockport, and "Mickey," a new member of the crew.

PAROLE VIOLATOR OF 22 YEARS AGO TO BE RETURNED FOR TRIAL

Geneva, Ill., July 29.—(P)—Sheriff A. J. Kampmeyer of Kane county announced tonight he would leave for Kansas City, Mo., tomorrow morning to return Oscar Meyer, 54, to Elgin, Ill., on a 22 year old parole violation.

Meyer surrendered to authorities at Kansas City yesterday. Police quoted him as saying he had violated his parole on a nine months jail sentence imposed at Elgin, June 2, 1914, for embezzling \$200 from a life insurance company (Metropolitan).

Sheriff Kampmeyer said "we decided to bring him back out of respect for the law which governs such cases."

Navy Opens Drive For 10,000 Gobs To Man Warships

Plan To Boost Strength To 100,000 Men By Next July

Washington, July 29.—(P)—To man 23 new fighting ships scheduled for completion this year, the navy has started a selective recruiting drive for 10,000 Gobs to boost its total enlisted strength to 100,000 men.

Congress authorized an increase in man-power to the 100,000 figure to be reached by July 1 next year. Navy officers said today that, despite friendly competition from the army and civilian conservation corps, more men were applying for navy enlistment than could be accepted.

The plans for expanding personnel were given urgency today when Admiral William H. Standley, acting navy secretary, said he had "not the slightest doubt" that construction of two new battleships would begin next year. He said contracts probably would be let sometime this fall.

Renewed indications came from abroad simultaneously that keels for two new British ships would be laid next January.

During the last year a daily average of 85,000 men have manned the 324 navy ships. Officers estimated that gave combatant ships 85 per cent of their enlisted complements, the minimum essential to efficient peace-time operation.

The 10,000 to be enlisted will provide a daily average strength of 96,000 during the next year, officers said, and all will be assigned to duty on new ships as they are commissioned, or fill vacancies left by transfers of men now on ships in service.

CHRONOLOGICAL TABLE OF A FARM TRAGEDY

Carmichaels, Pa., July 29.—(P)—Farmer Frank Keener pounded the last nail into his new grain shed at 1 p. m.

Three men finished storing grain in the building at 4:40 p. m.

Lightning struck the structure at 4:45 p. m.

And firemen quenched the blaze and estimated damage at \$100 at 5 p. m.

PREVENTED TRAIN WRECK

Alton, Ill., July 29.—(P)—Neil Travis, 37, reported to the railroad's officials today he is the unknown man who reported a broken rail and prevented the wreck of a Chicago and Alton passenger train near Wood-river, Ill., Monday.

TROPICAL GALE IS HEADED FOR FLORIDA COAST

Winds Of Hurricane Velocity Are Expected

Jacksonville, Fla., July 29.—(P)—Moving swiftly northward through the Gulf of Mexico, a blistering tropical storm with two deaths charged against it neared the extreme western coast of Florida tonight.

The weather bureau said winds of hurricane force probably prevailed near the center of the disturbance and warned it may pass inland before morning near or a short distance west of Apalachicola.

Apalachicola, a city of some 4,000 inhabitants, is situated at the mouth of the river by that name, about 200 miles west of Jacksonville.

Although the disturbance across the extreme southern tip of Florida last night, preparations for its passage were credited with loss of two lives.

A line man was burned to death by live wires and a negro deckhand lost from an overturned boat in the Miami area.

Effects of the blow were felt in St. Petersburg, Tampa and other west coast cities while the storm center moved offshore in the gulf. St. Petersburg reported estimated wind velocity of 50 miles an hour.

Twenty miles eastward, across the bay, Tampa experienced a 35 mile wind. The winds dropped steadily as the disturbance progressed northward. In the Tampa-St. Petersburg area all danger had passed.

The weather bureau estimated the storm will reach the Apalachicola section about 5 a. m.

Senior Meteorologist Grady Norton of the federal hurricane reporting service said if the storm continued its present path it will affect the entire area between Madison and Marianna, Fla., which are about 100 miles apart.

Velocities near the center, said Norton, probably will reach 75 miles an hour, exact hurricane force, on the coast but will diminish as the storm slows over land.

The storm was over the gulf all day with little damage so far reported along its course.

The weather bureau said the storm after reaching land again probably would move northward a short distance into South Georgia and then recurve northeastward striking the Atlantic ocean once more off the Carolinas.

Meteorologists described the storm as a "baby hurricane" and said it probably would have winds of 70 to 75 miles an hour as it hit the coastline. From that point on, they said, it probably would lose most of its intensity.

Dryness of Grain Blamed for Farm Fires At Aurora

Farm Equipment and Animals Destroyed in Three Blazes

Aurora, Ill., July 29.—(P)—A new drought terror—spontaneous combustion and fire in barn lofts filled with newly threshed grain—stalked farmers in the Aurora area today.

The third farm fire in this region in the last two days occurred today on the Edward Miller farm near here with a loss estimated at \$10,000.

Farmers blamed the fires on the unusual dryness of the grain caused by the drought.

Straw blown into the barn on the Miller farm by a threshing machine burst into flames. The barn, one of the largest in Kendall county, was enveloped in flames within a few minutes.

Fifty hogs perished in the blaze. Miller said considerable farm equipment was destroyed, as well as surrounding buildings. Neighbors formed a bucket brigade to save the house.

Fire caused by spontaneous combustion yesterday destroyed the barn and several buildings on the farm of Harry Watson at Waterman, Ill., causing a loss estimated at \$10,000. All buildings on the farm, except the house, were destroyed.

Another fire on the Henry Henderson farm in Kane county yesterday caused a loss estimated at \$9,000. The fire was also caused by spontaneous combustion in the hay loft of the barn. Henderson and neighbors led several herd of cattle to safety.

Henry Rolf, Naples Resident, Hurt In Crash Yesterday

Scott County Commissioner
Badly Hurt When Truck
Hits Car North of
Winchester

Henry Rolf of Naples was seriously injured early yesterday morning when a truck driven by Edward Pires, 226 East Douglas avenue, crashed into his car four miles north of Winchester at what is known as the Hough corner on U. S. Route 34. The accident occurred at 7:30 a. m.

Pires was driving a truck loaded with gravel and was traveling to Jacksonville from Keokuk. As he approached the Hough road, Rolf was going west. Rolf did not turn on Route 34, but kept going straight on the gravel road to Keokuk. Pires struck Rolf's sedan a glancing blow. The truck plunged down into the ditch and through a hedge fence on the north side of the road. Rolf's car was badly damaged.

Pires immediately jumped out of his truck and went to Rolf's assistance. He dragged the Rolf car into the ditch and ordered a call put in for an ambulance from Winchester. Robert Doyle of Winchester was one of the first to come onto the scene of the accident, and he assisted Pires in his efforts to relieve Rolf.

Rolf, who is county commissioner of Scott county, was bleeding profusely when help arrived. His chest was crushed and it is believed that he sustained internal injuries. He also suffered from a gash back of his right ear and deep cuts on his left leg and left arm.

Dr. P. A. Morris, Scott county main-tenance man, arrived soon after the accident and helped to place Rolf in the Duquesne ambulance in which the injured man was rushed to Parkview hospital in Jacksonville.

Dr. P. A. Morris stated yesterday morning that it was difficult to determine whether Rolf's condition was critical since the shock of the accident had affected him greatly.

Rolf is well acquainted in Jacksonville as well as in his home county of Scott.

JERSEYVILLE

Mrs. Frank DePrates of Jacksonville, Ill., spent Monday in Jerseyville at the home of her cousins, Mr. and Mrs. Everett Edwards. She was accompanied here by her daughter, Miss Dorothy, who went on to St. Louis to spend the day.

Mrs. A. F. Pitt has returned from St. Louis where she spent some time as the guest of her son-in-law and daughter, Mr. and Mrs. Edwin Hyke. She is recuperating from a serious illness.

Misses Mary Ellen and Margaret Carroll of St. Louis are spending a two weeks' vacation in Jerseyville at the home of their uncle and aunt, Mr. and Mrs. Edward Lahey.

Mrs. Fred Snell has returned to her home in Jerseyville after visiting in Carrollton as the guest of Mrs. William Tucker.

Named as Certifying Agent
Miss Mary Hanes, formerly county relief administrator for Jersey county, received notice this week that she has been appointed the certifying agent of

the Illinois Emergency Relief Commission for Jersey, Greene, Calhoun and Macoupin counties. She assumed her duties Wednesday, July 29th.

As soon as possible a schedule will be worked out whereby Miss Hanes will spend certain days of the week in each of the four counties in her district. Mrs. Grace Linder who was the county administrator for Greene county, will be the assistant certifying agent.

Jouett And Nash Reunions Will Be Held This Sunday

Jouett's To Meet In Park At Carrollton; Nashes To Meet In Roodhouse

White Hall — The ninth annual Jouett family reunion will be held next Sunday, August 2nd in the city park in Carrollton. John Jouett of Carrollton is president and Otis Jouett of White Hall is secretary of the association this year.

The annual reunion of the Nash family will be held in the Roodhouse Community Park, next Sunday, Aug. 2. Albert Nash and George Nash, both of White Hall, are the committee in charge. All descendants of David and Catherine Crayne Nash and their families are expected to attend.

Mr. and Mrs. Charles Shive of Pleasant Hill spent last week in White Hall visiting their son, Claude Shive and family and their daughter, Mrs. Otis Jouett and family. On Sunday Mr. and Mrs. Orville Guthrie and family and Mr. and Mrs. Everett Shive also of Pleasant Hill spent the day and

took Mr. and Mrs. Charles Shive home with them.

Mr. and Mrs. J. A. Galaway of Weldon, and granddaughters, Audrey Mae Galaway and Deland spent the week end with Mr. and Mrs. James Galaway on Carr street. On Saturday they drove to Greenfield to visit Mr. and Mrs. Elmo Galaway and family. Mrs. James Ennis and Mary Ann, drove back with them and will spend two weeks visiting relatives in Weldon.

Mrs. George Tunison and son, Ennis and Miss Emma Thuet were Sunday guests of Mr. and Mrs. Robert Whitely at Plaza Chautauqua, at their summer cottage. Other guests were Mrs. P. T. Ross, Mrs. Earl Peebles of Carlinville. They all attended services at the pavilion where a representative of the W.C.T.U. of Webster, Missouri was the speaker. Dinner and supper were enjoyed before the White Hall party started back home.

Mr. and Mrs. Harold Culbertson and his mother and sister, Mrs. Eva Culbertson and Miss Ethel Culbertson, motored to Milledale Sunday where they were guests of Mr. and Mrs. Elmer Bishop and family. They brought Miss Evelyn Bishop home with them to spend some time visiting with relatives here.

Mr. and Mrs. Harry Sweetin and daughter, Dallas of Pittsfield, spent Sunday with his parents, Mr. and Mrs. George Sweetin on Tunison avenue, and with Mrs. Bell, mother of Mrs. Sweetin.

Mr. and Mrs. R. L. Davis, Mr. and Mrs. Lloyd Lorton and family, Misses Mina White, Oprey Huffman and Mrs. Emma Spears went to Nelson's park at Pearl Sunday and enjoyed a fish fry, after which they drove to Kampsville for a swim at the beach and then to Hardin and back home.

Mr. and Mrs. Frank Hudson are spending his vacation from Griffith's store, this week with their son, and his wife, Mr. and Mrs. Stanley Hudson in East St. Louis.

Thomas Robinson who is a patient in the White Hall hospital, visited with his sister, Mrs. Anna Powell in Carrollton Sunday and returned to the hospital for further treatment. He is recovering from injury which he sustained several weeks ago when he fell from a telephone pole while working in Carrollton.

Mrs. John Saviour returned home from Our Saviour's hospital in Jacksonville for two weeks following a major operation. She will be in bed for a while after coming home.

Mr. and Mrs. Laurence Kistner of Apple Creek Prairie entertained Mr. and Mrs. James Galaway and Mr. and Mrs. Arthur Burchfield Sunday evening.

Born to Mr. and Mrs. Floyd Kimbro who live north of Alton Wednesday, July 22, a son who weighed 8½ pounds. He has been named Gary Floyd. He is the first child. The baby's grandparents, Mr. and Mrs. Ben Kimbro, of Hillview, and his great grandmother, Mrs. Mary E. Fitzjerrall and his cousin once removed, Miss Eleanor Fitzjerrall, both of White Hall, drove down Sunday to make his acquaintance.

Born to Mr. and Mrs. Charles Baze of Walkerville, Sunday afternoon, a son, who weighed 8 pounds and is the first child.

Mr. and Mrs. Verl Owens and Oscar Maberry of Carrollton were here Monday afternoon on business.

PRES. JAQUITH RETURNS

President H. C. Jaquith has returned from Washington, D. C., where he attended the N.Y.A. conference, with many representatives from all parts of the country. President Jaquith was invited to address the session.

May Rule Spain if Madrid Falls

Should Madrid fall to rebels, or be isolated by them, Diego Martinez Barrio, above, Parliament president, may try to rule the country from Valencia, in the east. Strategically the government has set up a committee, under Barrio, to rule Spain's seven eastern provinces. Chief of the left wing radical Democratic party, he is powerful and widely respected.

More Life Saving Awards Are Made To Local Children

Two White Hall Youths And Three From Jacksonville Pass Examinations

Three local young people and two White Hall youths have successfully completed their tests for a Junior Red Cross Life Saving award, according to an announcement made yesterday morning at the local Red Cross headquarters.

Those who passed the examinations and now are eligible to wear the nationally known insignia include: Vina Mather, Helen Buland and Robert Howard Allan, all of Jacksonville, and Edward Penity and D. D. Seely of White Hall.

The life saving tests were conducted at the Jacksonville Municipal swimming pool in Nichols park under the direction of J. M. Hollowell, who is the Morgan county chairman of the Red Cross Life Saving committee.

Certificates indicating that these persons are proficient not only in swimming but in knowing how to rescue drowning people, will be awarded in addition to the insignia which may be worn on a bathing suit.

More tests of this kind are now being conducted at the park pool, and several more local children are expected to complete the work soon.

Entertaining Program Given
At Meeting; Other News
Of Community

Point—The Worth While S. S. class of Wesley Chapel met at the home of Mrs. Laura Rawlings on Tuesday afternoon with a good attendance of members. Seven guests were present. After a short business session a program was given which included a very interesting paper on the "American Indian, His Legends and Superstitions," by Mrs. Florence Tendick and a musical reading, "Home," by Mrs. Harriet Underwood, accompanied by Lila Underwood.

Roll call was answered by naming an Indian tribe. At the close of the program three interesting contests were held under leadership of Mrs. Edna Mawson. Delicious refreshments were served.

Mr. and Mrs. Harry Scott and family of near Springfield, called on Mr. and Mrs. Herbert Mawson Sunday evening.

'36 Wheat Crop Is Low In Greene Co.

Yield Reduced by 35,000
Bushels; Drought Takes
Toll On Other Crops

Carrollton—The Carrollton Farmers Elevator company reported Saturday that the 1936 wheat crop was almost all received with the possible exception of a few small lots. The total receipts of wheat at the elevator this summer was almost 65,000 bushels compared to over 100,000 bushels in 1935. The most of the grain received this year was of a very high grade, due to the dry weather at threshing time.

In most cases the yield per acre was far below that of last season. Although a few fields near here averaged better than 35 bushels per acre, many yielded 7 to 10 bushels and on a whole in this entire section it is estimated that the entire acreage would not average over 15 to 16 bushels per acre.

Corn prospects are daily growing worse. Corn fields that on July 1st promised to make from 60 to 100 bushels per acre will not make 20 and in most cases are fast burning up with prospects of being a total loss.

Many farmers are preparing to cut their corn for ensilage this week or next in an endeavor to save as much of it as possible for feed. In most cases pastures are burned brown. Lawns in this city are seared and look like dried hay.

The potato and other garden crops on which a large number depended for food are mostly a complete loss. Potatoes are rotten when dug and other vegetables are dried brown, and there is no immediate prospect for relief. Monday was the hottest day this summer with 111 degrees at 3:30 p. m.

Giants Pound Cubs 7 To 2; Cardinals Break Even With Brooklyn

Gabby Gabler Holds Bruins Back With 8 Hits As Mates Pound Bill Lee From Mound

New York, July 29.—(P)—The fast-rising Giants, paced by Burgess Whitehead with a homer, double and two singles, had little regard for the highly-rated Chicago Cubs pitching today and pounded out 12 hits for a 7 to 2 victory in the opener of the current series.

The setback not only put the Cubs National League lead on the fire, but was doubly bitter in that the Giants clubbed Bill Lee, who had shut them out twice previously this season. Gabby Gabler, the New York pitching youngster, let the Chicago champions down with eight hits.

For the first eight innings, Gabler had the Cubs shut out. In the ninth, Ethan Allen hit a homer, Gabby Hartnett doubled, Frank Demaree singled and Hack to second to account for the two Cub runs.

Lee was charged with the defeat, although he went to the showers in the fifth and Clay Bryant and Charley Root finished the mound assignment. In the first, Whitehead's four-bagger started them off. Two innings later, singles by Gabler, Joe Moore and Whitehead, a walk and Mel Ott's fly sent three runs across. In the seventh, Whitehead's double, a two-bagger by Ott, two walks, Travis Jackson's fly and Bill Jurgens' error sent two more runs in, followed in the eighth by the final run on singles by Dick Bartell and Moore, and Whitehead's grounder to second.

White Sox Defeat Athletics 7 to 5 Come from Behind in 7th To Take Edge in Series

Chicago, July 29.—(P)—Chicago's White Sox, coming from behind with a six-hit attack good for four runs in the seventh inning, defeated the Philadelphia Athletics 7 to 5 today to go ahead in the current series two games to one.

Merritt (Sugar) Cain turned in his tenth victory of the season. He pitched steadily but a pair of two base throwing errors by himself and Tony Piet in the third frame enabled the Mackmen to exchange a walk and two singles for four runs.

Mule Haas, summoned from a hospital ward when Larry Rosen-thal's back went lame in the third inning, led the Sox attack with a perfect day at bat—three singles and a walk.

Lions' Coach To Start Veterans

Fears Powerful All-Star Squad Named in Poll

Detroit, July 29.—(P)—Coach George (Potsy) Clark of the Detroit Lions will play 'em close to the vest and start a veteran lineup against the collegiate all-stars when the two football teams meet at Chicago Sept. 1, although he has 17 first year men on his squad.

Potsy's reasoning is simple: He says the collegiate team named Tuesday is stronger than the 1934 and 1935 teams which met the Chicago Bears in the annual pro-amateur clash and he doesn't want to try any experiments. Clark predicted a close, hard game and pointed out that the collegiate stars with substantial support from the powerful Minnesota and Notre Dame squads might make it hot for the Lions at the outset. Consequently, Clark aims to start his proven veterans, calling on his new men later if replacements appear desirable.

The blue shirted pro champions will be led into action by the dazzling quarterback, Earl (Dutch) Clark. Ernie Caddell and Frank Christensen will be at the halves. Either Leroy (Ace) Gutowsky or Buddy Parker will play fullback. Potsy said.

In the line the Lions will use George Christensen and Jack Johnson, veteran tackles; Claire Randolph at center and "Ox" Anderson at one guard. Sam Knox, Regis Monahan and Tom Hupke will fight it out for the other guard.

The end positions are uncertain, Clark said. His choice will be made from John Scheller, Harry Ebbing, Ed Kiewicki and Ray Morse.

The Lions have available also Kenneth (Kee) Peterson, halfback obtained in the Chicago Cardinals in a trade for "Pug" Vaughn, and Wilbur White, halfback with the Brooklyn Dodgers last season.

Yankees Win from Tigers, 13 to 3

Tumble Champions Into Second Division

Detroit, July 29.—(P)—The New York Yankees blasted the Tigers out of the first division today, with Lou Gehrig hitting his 32nd homer to lead a 15-hit attack for a 13 to 3 victory.

Despite the win, however, the Yankees' league head was out to 83 games by the second place Indians, doubleheader victory over Washington.

While Charley Ruffing and Pat Malone held the Tigers to nine hits, the former taking credit for the victory, "Murderers' Row" landed on Joe Sullivan and Elden Auker to score all their runs in the first five innings before being stopped by the final two Detroit hurlers, Chad Kinsley and Roxie Lawson.

Gehrig, with two singles as well as his home run, and Joe Di Maggio, with a triple and two singles driving in four runs, paced the Yankee attack.

The New Yorkers started their scoring in the opening frame with two runs coming in when Crosetti walked, advanced on Di Maggio's single, and scored on Gehrig's single, to be followed across the plate by Di Maggio, who came in on Bill Dickey's fly.

In the second, five hits produced as many Yankee runs, with Gehrig's homer scoring Di Maggio ahead of him, featuring the rally. In the fifth, six hits, four of them after two were out, wound up the New York scoring with a six-run spree.

Detroit shoved its first run over in the fifth, on hits by Al Simmons and Marvin Owen, and Glenn Myatt's long fly. In the seventh, Kinsey doubled, Gerald Walker and Irv Burns singled, and Di Maggio made a wild throw to third to bring in the other two Tiger tallies.

Large 'Last Week' Crowd Sees Kitten Ball Games At Park

Crowded stands at the Nichols Park softball diamond last night registered the excitement high point of the season as six teams played their final contests of the first round schedule.

International trucks easily defeated the C. C. C. team, 13-3, taking advantage of eight errors by the enrollees.

The girls' game between Kute Kurl and A. C. W. A. was called at the end of the fifth inning after the beautiful workers' lead to win 15-13.

In the final, Myers Bros. shutout the A. C. W. A. men's outfit. Both pitchers had three hit performances for the record book, but the Myers team took advantage of five Amalgamated errors and hit in the pinches or the victory.

Browns Climb Back Into Seventh Place

Defeat Boston Red Sox By Score of 9 to 3

St. Louis, July 29.—(P)—The St. Louis Browns climbed back into seventh place today by defeating the Boston Red Sox 9 to 3 as the Chicago White Sox won from the Athletics.

Chief Hogsett, obtained from Detroit early in the season, won his ninth victory. He allowed nine hits but never was in serious trouble.

Julius Solters with four out of five and Lynn Lary with three out of four led the attack on three Boston pitchers. Lary also stole two bases.

Pirates and Bees Divide Double Bill

Bucs Take Second Game 10-4 After Losing 4 to 1

Boston, July 29.—(P)—The Pittsburgh Pirates battered three Boston Bees pitchers for seven runs in the seventh inning to win the second game of a doubleheader, 10 to 4, today, after losing the first game 4 to 1.

Starting Pitcher Bobby Smith retired in the sixteenth inning after Jensen singled with one out and scored on Paul Waner's triple. Jim Chaplin took up hurling duty for the Bees but with little success.

Suhr and Vaughan greeted him with singles, Brubaker doubled, and Young was purposely passed. Finney grounded to Shortstop Warstler who made a bad throw to the plate and all hands were safe. Pitcher Mace Brown and Schulte singled, and after Reis replaced Chaplin in the pitcher's box, Jensen grounded to Thompson, but he too made a bad throw to the plate, and seven runs were in.

Danny MacFayden shut out the Pirates until the ninth inning of the first game when the visitors scored their only run on singles by Vaughan and Pinch-hitter Schulte, and Warstler's error.

Cleveland, July 29.—(P)—The Indians walloped the Senators 11 to 6 in the first game of a doubleheader today and came from behind in the seventh inning to take the second, also, 6 to 5.

Hal Trosky, Tribe first baseman, hit his 27th home run of the season, scoring behind Roy Hughes and Earl Averill, in the first inning of the opener. Bruce Campbell homered in the fifth, scoring Pytlak, and Joe Kuhel hit one for the Senators in the eighth, with the bases empty.

In the second game, Averill got his 20th homer in the first inning, Odell Hale coming in ahead of him.

Hughes' double in the seventh, scoring Roy Weatherly and Campbell decided the second contest.

Thornton (Lefty) Lee, Indian pitcher, was knocked out of the box in the third inning of the first game, Oral Hildebrand getting the victory, but Lee returned to the second game in the fifth and won that one.

Dodgers Give Red Birds Worst Beating Of Year In Opener, Winning 22 To 7

Brooklyn, July 29.—(P)—The revived Dodgers handed the St. Louis Cardinals their worst beating of the year in the opener of a doubleheader today and then just lost out in the nightcap.

The scores were 22 to 7 and 5 to 4. Only Ducky Fletchwick's big bat, which pounded out two homers in the second game, saved the gas house gang from complete humiliation, as the Brooklyn went on their biggest scoring and hitting spree of the season with a 21-hit barrage in the opener.

Van Mungo, although relieved by Tom Baker in the seventh because of the heat, was credited with the first game victory. Roy Parmelee and Ed Heusser were the victims of the furious Brooklyn bats, whose attack was led by Rookie Buddy Hassett with five runs driven in on two triples and a single.

In the nightcap, after old George Earnshaw had shut out his old mates with four hits in seven innings, while the Cards were compiling a 5-0 lead, the Brooklyn got to him in the eighth and ninth, and finally were stopped by Jess Haines with the tying run on third and the winning tally on first.

Two Jerseyville Girls Win In 4-H District Contest

Helen Powell Selected As Health Champion; Other Jersey News Notes

Jerseyville—Miss Helen Powell and Miss Mary Lois Sunderland, Jersey County 4-H club girls were winners at the district contest held in Edwardsville last Saturday when more than fifty contestants participated in the meet.

Miss Powell was selected as the District Health Champion with an average of 96.8 and Miss Sunderland was chosen as one of the two District Outfit girls to take part in the state-wide event at the Illinois State Fair in August.

The Health Champion is the sixteen year old daughter of Mr. and Mrs. Spencer Powell of near Jerseyville and is a member of the Junior Class of the Jersey Township High school. Her competitors in the contest were the county health champions from Greene, Bond, Macoupin, Clinton, Montgomery, Marion and Madison counties.

Miss Sunderland is the daughter of Mr. and Mrs. Clarence Sunderland of Delhi. She is seventeen years of age and will be a member of the Senior class of the high school this year.

Both girls have been active in 4-H club work for the past few years and last year, Miss Sunderland, together with Miss Marjorie Chappell, composed the county demonstration team which won first place in the district and state meets. As a result of winning the state event they won a trip to the 4-H club congress which was held in Chicago.

Miss Powell will report at the 4-H headquarters at the state fair in Springfield on August 15th where she will compete with nine other girls for the honor of state health champion. The winning of this title automatically carries with it a trip to the national 4-H club congress in Chicago in the fall. This is Miss Powell's first year in the health contest.

Miss Sunderland and Mary Ellen Rustan of Roodhouse whose complete outfits scored first place at the district meet, will go to Springfield August 17th for a repeat showing of their garments. There the best complete outfits will be selected for the nationwide competition in the fall.

Will Direct St. Louis Choir William B. Thatcher of Jerseyville went to St. Louis Tuesday where he has assumed the duties of organist and choir director at St. Peter's Episcopal church for the next six weeks, during the absence of Calvin Ringgenberg, the regular organist and director who is sojourning in Maine with his family.

Mr. and Mrs. Ringgenberg and daughter, Joan, came to Jerseyville Friday where the former consulted with Thatcher regarding the position. Ringgenberg is head of the music

department of Washington University and has been in charge of the organ and choir of St. Peter's church where he succeeded the famous musician and organist Gallaway after the latter's death. The St. Peter's choir bears the reputation of being one of the finest of large city musical groups in the United States. The organization assisted during the past winter season in the monthly concerts given at Washington University under the direction of Ringgenberg, and its members as a group and individually appear frequently on outstanding musical programs in St. Louis and other cities.

The past fall and winter season, Thatcher studied piano, organ and composition as a private pupil of John Tracy of Jacksonville, Ill.; Ringgenberg and resided at the home of his instructor at 4320 Westminster,

St. Louis. He will continue his residence there during the time he is in charge at St. Peter's.

Thatcher is a member of the Jerseyville Municipal band and will return to Jerseyville every Thursday to play with the local organization during its series of concerts in this city.

William Tracy of this city was given of honor at a birthday dinner given Sunday at the Knights of Columbus annual picnic which was held at West Woods. The occasion marked the seventy-seventh anniversary of Mr. Tracy's birth and the family dinner was held at the picnic in celebration of the event.

The guests included: Miss Ella and composition as a private pupil of John Tracy of Jacksonville, Ill.; Thomas Tracy, Mr. and Mrs. L. W. of his instructor at 4320 Westminster,

Edward Groteke and family of St. Louis; Mr. and Mrs. Frank Tracy and family; Miss Mae Tracy, Mr. and Mrs. Clarence Connolly and son, Paul; Mrs. P. W. Connolly, and Heber Wedding all of Jerseyville.

Kansas City Firm Low Bidders For Lagrange Lock Job

**Bid Nearly Two Millions for
Work On Illinois River
Below Beardstown**

The Kansas City Bridge company of Kansas City, Missouri is the apparent low bidder on the new lock and dam project for LaGrange, 8 miles below Beardstown on the Illinois river, when bids were opened Tuesday in the office of the U. S. Engineers in the postoffice building at Chicago.

The Massman company was second low bidder and the Warner Brothers company was third.

The bid of the Kansas City Bridge company was \$1,964,627.60. The Massman company's bid was \$2,092,741.58 and the Warner Brothers bid was \$2,307,722.80.

Formal awarding of the contract for the big job which will take an estimated two years, will be made in the very near future.

The new collapsible type lock and dam is to be constructed below the present antiquated structure, and more than 50 years ago.

Authorized in 1930

Construction of the LaGrange improvement involves the building of a cofferdam in three sections, this work having been authorized by the River and Harbor act approved July 3, 1930 and modified in 1935. It is in the approved program for public works under the War Department Appropriation Act approved May 15, 1936.

In addition to the construction of the cofferdam the successful contractor must provide for masonry for the complete lock and dam, including guide walls, sills, apron and the regulating weir. Lock gate valves and operating machinery, earth dikes and abutments and a roadway leading to the lock site will be provided also.

600 Feet Long

The chamber dimensions of the lock are to be 600 feet long by 110 feet wide and the overall length of the lock and guide walls will be 1937 feet, the length of the steel sheet piling guide walls to be 500 feet.

The length of the navigable pass is Closing out one table \$1.85 hats 50c.—Emporium.

Man Who Chained Sons in Basement Gets Sixty Days

**Boys Found When Fire
Breaks Out, Menacing
Their Lives**

Brighton, Colo., July 29.—(P)—Roy Hamblin, 42-year-old WPA worker who said he chained his young sons in the basement of their home because they ran away and "whipping did no good," today was sentenced to 60 days in jail and fined \$50.

As sentence was passed by Justice Frank P. Coleman, the sons, Jimmy, 12, and Wayne 10, sobbed.

"We're sorry, daddy, we're sorry," the boys, bespectacled, father pleaded guilty to a charge of cruelty and endangering the boys' lives. His fine was remitted.

As Hamblin began serving his sentence immediately, Sheriff Louis Ballard said he may permit Hamblin to continue his WPA work to provide funds for the family, locking him in jail only at night.

The boys, who had been in custody since the arrest of their father yesterday, returned home.

State humane officers discovered the chained boys after fire broke out in the basement of the home yesterday. Screams of the youths attracted Lols, their 14-year-old sister, who beat out the flames. The parents were at work.

Wayne and James admitted they played with matches, but denied they had set the fire.

Safe and happy in his little wagon, Henry Grant Field, 4, grandson-namesake of the wealthy Shenandoah, la., seedman and radio station operator, is pictured above at Ames, la., the mystery that shrouded his disappearance from school in Berkeley, Calif., ended. With the boy is his mother, Mrs. Philip Field, who is said to have spirited him away from California to Iowa, and his baby sister, Phyllis Jane. A summer school student at Iowa State College, Mrs. Field has been estranged for a year from her husband, dean of the school of business administration at Heald College, Oakland, Calif.

Farmer Brings His Chickens to Town; Police Investigate

A farmer who recently moved to Jacksonville learned last night that local police are keeping their eyes open for chicken thieves.

About 11 o'clock the police department received a call from a resident in the south part of the city that chickens were being unloaded from an automobile into a shed near his home.

Five police officers answered the call quickly and soon had the premises surrounded.

The former farmer however appeared and explained to the officers that he had recently moved into town and last night went to his country home to bring his fowls to the city.

During the past few months so many chickens have been stolen from farmers in the county, local police officers have been cooperating with the sheriff's force in an effort to capture the thieves.

Willis McDonald, Once Slave, Turns 107th Anniversary

**Local Negro Still Able To
Read Without Glasses;
Lives Here 67 Years**

Once a slave who sold for \$1,000, Willis McDonald yesterday observed his 107th birthday anniversary.

McDonald, who has been a resident of this city for 67 years, says he was born in 1829 on a plantation near Charleston, South Carolina, owned by Mace Butler, wealthy Philadelphia merchant. When he was 12, just old enough to be of commercial value, he was sold on the Savanna, Ga., slave market for \$500 to a cotton planter of Columbus, Ga., McDonald relates.

He spent four years there in the cotton fields. In 1845, at the age of 16, he was sold for \$1,000 to a Montgomery, Ala., planter, for whom he worked several years before he was given to the planter's son, John McDonald, Jr., an attorney.

It was from him, McDonald says, that he took his present name, saying that slaves only gave their children first names.

Through his work at the law office, McDonald says he learned something

\$1.15 Silk full fashion hose 79c.—Emporium.

about reading and figures but estimated he was about 65 years of age before he really learned to read.

After his master joined the Confederate forces in the Civil War, he returned to the plantation of McDonald, Sr., later learning from union soldiers that he was free. He got a job on a cotton barge enroute to St. Louis. From there he went to Springfield and then came here.

For many years he held the job of lighting the gas street lamps each evening and putting them out each morning. Then, for 22 years, he was a plumber's assistant, retiring in 1927 at the age of 98.

McDonald has no living relatives as far as he knows. He lives with an adopted daughter.

In 1904, when former President Theodore Roosevelt made an address here, his former master, John McDonald, Jr., was a member of the party and recognized the Negro. He supplied the aging man with a sworn statement regarding his age.

Although his steps are faltering, his hearing is good and he still reads without the aid of glasses. He firmly believes he has a long time yet to live and just recently applied for an old age pension.

Gov't Bonds Rise In Active Session

Spanish Troubles Tumble Internat'l Telephone

New York, July 29.—(AP)—More active trading in U. S. government bonds at generally higher levels contrasted with dullness and mixed movements in the corporate division of the listed market today.

On a turnover of \$1,500,000, par value, about half of the 22 active federal issues climbed 1-32 to 3-32 of a point, and most of the remainder ended unchanged as a result of increased offerings near the close. There were only three losers of minor amounts.

Part of the lethargy in corporation bonds was attributed to preparations incident to the marketing of \$44,000,000 of new obligations tomorrow. Market circles expected an issue of \$29,500,000 of Chesapeake & Ohio Railway, and another \$14,500,000 of Southern Railway Corp. 4 1/2s to be offered publicly.

Most of the negligible unsettlement in corporate bonds was in that group which usually follows stock trends. They included Postal Telegraph 5s, Third Avenue Adjustment 5s, American & Foreign Power 5s, Illinois Central 4 1/2s, "Katy" 5s, St. Louis & San Francisco 4 1/2s and Allegheny 5s.

Reports that the Spanish government was considering taking over private property were necessary to stem the tide of the revolt brought sharp declines in bonds of International Telephone & Telegraph Co., which controls the telephone monopoly in that country, the 5s dropped 3/8 to 80 1/2 and the 4 1/2s lost 1/4 to 90 1/2.

WPA HOLDS SEVERAL PLAYTIME SESSIONS

The supervised play period conducted by WPA Recreation leaders in the village park at South Jacksonville, Tuesday afternoon attracted a number of children to participate in the games.

In the evening this same group of leaders conducted a play hour at Concord, in which fifty children between four and ten years of age took part. A volley ball game was played by the teen age group.

Yesterday afternoon a supervised play period was held at Murrayville with about sixty children present. A regular schedule is maintained in the village park at Waverly, and Franklin, and supervised play hours under WPA Recreation leaders located in these towns.

A definite play period in communities under supervised leadership has not met with very favorable comment from the parents of the children participating and has helped very much to reduce the usual hot weather complaint of over playing so prevalent when youngsters are left to their own resources.

State Police Ask Cooperation From Public To Aid Work

Hope To Get Men To Scene Of Crimes Sooner With Aid Of Radio

With partial service of the State police radio system recently inaugurated, Chief Walter Williams of the Illinois Highway Maintenance Police has requested public cooperation to increase the effectiveness of this new service. Citizens of the State can render valuable assistance by immediately reporting major crimes, serious accidents and other matters requiring prompt police attention to the State police headquarters.

Illinois will have the most complete and efficient State police radio system in America, Chief Williams announced. "When this system is in full operation," he said, "we will be able to establish practically instantaneous contact with any officer on duty, even though he may be riding his patrol miles away from other means of communication, and regardless of weather conditions."

"The speed with which officers reach the scene of a crime or other emergency occurrence is of vital importance in police work. We now have the means to communicate necessary orders to our men just as soon as our headquarters is notified of the occurrence. The dispatch with which we can meet any such situation will therefore depend to a great extent on the time that elapses before headquarters receives its information."

"For this reason we are appealing to the citizens of the State to report promptly all matters requiring immediate attention of the State police directly to our nearest headquarters. This will include major crimes, serious accidents, disorders and lost persons."

"Information should be telephoned to the police headquarters at Springfield or to the nearest district police headquarters. District police offices are located at Sterling, Elgin, Chicago, Worth, Joliet, Pontiac, Rock Island, Peoria, Champaign, Collinsville, Effingham and DuQuoin."

The first of seven broadcasting stations went on the air June 15 when

Governor Horner dedicated the Springfield Station. The DuQuoin station will be placed in operation by about August 1, to be followed by the Chicago Station about August 15. Stations at Sterling, Pontiac, Macomb and Effingham are now under construction and all will be in service by the end of the summer.

Approximately 200 squad cars and 350 police motorcycles have been equipped with receivers specially designed to operate efficiently under the rigorous usage of police service. Also, it is expected that city police, sheriffs and other local law enforcement agencies will equip their offices and police cars with receiving sets so that they will be able to receive all criminal and other police information broadcast by the State Police radio system.

OLD AGE ASSISTANCE OFFICE TAKES ON LIFE

47 More Pensions Approved, Making Total In Morgan County 350

The old people of Morgan county certainly have been living right. At least, it looks that way, for good fortune has been shining upon them. Yes, more good news came from the local Old Age Assistance office again yesterday morning.

Forty-seven more applications from this area have been approved by the state headquarters, and now the local office is too busy for words. In the last three or four days that office has taken on new life. Last week at this time there was nothing doing in the way of new developments. Now since the total of Morgan county applications approved has jumped from 28 to 350, the place is buzzing with activity.

Everyone connected with the local pension board is working hard, but they don't mind the work now. Things are being accomplished to aid those too old to earn their own living. And when you can get such results nobody minds to work hard, not even in the hot weather.

LEAVE FOR CAPITAL

Mr. and Mrs. Roy Robson and Mr. and Mrs. Roy Robinson left yesterday morning for Washington, D. C. They will visit in Pennsylvania, returning in about two weeks.

MITCHELLS LIKE COOLER WEATHER

Former J. H. S. Teacher Here For Visit After Hot Trip From West

Mr. and Mrs. John Mitchell and daughter, Ruth Leslie, like the cooler weather they found in Illinois Tuesday night. They arrived here Monday night after a torrid trip across the country from Garden Grove, California where the former Jacksonville high school coach is now teaching in high school.

Parched by temperatures which hit 117 degrees for three straight days during their trip across Nebraska and Missouri, the Mitchells were on the verge of turning back to the cooler climes of the Rockies the latter part of last week, but continued their trip when the weatherman offered a promise of cooler weather.

Yesterday the Mitchells left for Pleasant Hill, where they will visit with his mother, but they plan to return to the city for a further visit with friends and relatives. They are making their headquarters at the home of Mr. and Mrs. Charles Hackett at 1404 South Main street.

The Mitchells made the trip from the coast in an automobile, to which was attached a one-ton aluminum covered trailer. When they reached Colorado, the Mitchells purchased a new automobile and continued their trip, but spent three nerve-racking days in coming through Nebraska and Missouri. They expect to return through the Black Hills and the Big Horn mountains of Wyoming.

Last night was the coolest night the Mitchells have spent since they left the Rocky Mountains. West of the Rockies the temperature was normal, they reported, seldom getting into the 90's.

There's Profit For You

So Much for Love

CHAPTER XII

IN the sudden darkness, with only the spot of yellow from Jameson's flashlight, Helena's head began to whirl. It was with an effort that she managed to follow him to the elevator. Inside the cage they brushed together for an instant, and he caught her arm. "I . . . I thought you were falling," he said uncertainly—and then Helena found herself held firmly against him, heard him whispering, "I love you . . . I've loved you since that first day in the store!"

With an effort that was beyond her own strength, Helena shoved herself free and staggered back against the wall of the elevator cage. The flashlight clattered to the floor and she retrieved it quickly, sent its beam full into Jameson's pale, twisted features. "If you come near me again," Helena told him evenly, "I'll use this as a club!"

The threat was unnecessary. Wordless, Jameson stepped to the control lever and started the cage downward.

"Suppose we pretend that it never happened," Helena said. "I'd rather go on home alone, if you don't mind. And—and I appreciate what you've shown me."

She hurried on through the darkness as if pursued by some frightful apparition she dare not turn and face. It was an apparition made up of many facts. The fawning Jameson, so lacking in control that she felt somehow ashamed for him. The cold, deceitful, malicious Leah Frazier. And Roger Barnes, pretending to be an ally. Even—yes, even John Lassiter. John Lassiter who would have friendship only until it began to pinch.

"I've got to leave . . ." she told herself over and over as she rushed on in the darkness. "I've got to

9 Persons Charged With Thefts in County Plead Guilty in Local Court

After ten persons had been indicted by the May grand jury, which was called into special session Wednesday, on charges of burglary and larceny, nine of them stood before Judge Walter W. RAILROAD INTRODUCES NEW STYLE CABOOSE

Baltimore and Ohio freight conductors and trainmen are going to have a new and improved all-steel caboose, according to the July B. & O. magazine. Outside sheathing is all metal and the inside is of wood, with a layer of granulated cork between.

Bay windows at each side provide forward vision and replace the former cupola on top of the little old red caboose. In each bay window is a standard Pullman sleeping section. On both sides at one end are additional sleeping accommodations. Other facilities are a toilet, wash basin, stove, tables, metal lockers and racks for equipment. It is of B. & O. design and built at the Mt. Clare shops by B. & O. men.
